

## How to Download the Dirigo Touchpass App

### To Start:

Go to the Apple App Store or the Google Play Store

Search for the "Touchpass Transit" app and download

Once installation is complete, create your username by using your Portland Public Schools student ID number. Your password should be a minimum of 8 characters, including an upper case letter, a lower case letter, and a number.

While creating your TouchPass account, connect your student email address as well.

Once you assign your username and choose your password, make sure to select Dirigo (Southern Maine) as your transit agency.

Now your account has been created!

Do not load value on your Dirigo TouchPass App, you will have a Portland Public Schools Yearly Travel Pass that will be good for the entirety of the school year. If you do not have a smartphone but need a smart card, please go to front office, where you can request a card and one be created for you before October 1st.

All mobile apps should be downloaded by September 25th.
